

Pick of the month

Each month, *Hotelier India* showcases a selection of the latest products to hit the market

Eco Earth

Chemtreat has created Eco Earth Solutions, a range of sustainable materials for use in construction, architecture and interior design. Woody Lenosa is an eco-friendly, recyclable, wood alternative, while Lenosa and Celeste are marble and granite counterparts.

Eco Earth claims that each of these materials is functional and durable, and the granite product in particular is break-resistant, stain proof and fire retardant. It is available in multiple colours that can be customised.

Precor

Precor, part of Amer Sports, has introduced its new Experience Series 880 line, which comes with a touch-screen console and a "simple, intuitive interface draws users deeper into their workouts".

Precor was ranked the number one brand by health club operators in the most recent IHRSA Health Club Equipment Benchmarking Report. It was rated first in 12 of 14 categories, including quality, reliability and ease-of-use.
